Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Tuesday 30 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Some heavy rain this evening, followed by blustery showers later.

This Evening and Tonight:
Cloudy and damp at first, with a band of heavy rain sweeping in from the west giving a spell of wet weather. The rain clears by midnight, but will be followed by heavy, perhaps thundery showers and strong, gusty winds. Minimum temperature 6 deg C (43 deg F).

Wednesday:
Bright or sunny spells and some heavy and blustery showers on Wednesday, with the showers most frequent across Cornwall and Devon. Feeling cold in the strong and gusty wind. Maximum temperature 10 deg C (50 deg F).

Outlook for Thursday to Saturday:
Early wintry showers Thursday then dry and bright. Rain on Thursday night, then largely dry and bright Friday. Further rain Friday evening, then unsettled with a risk of gales Saturday.
